Microscopy Class Preparation

This meeting is for the Young Peoples Microscopy Course set-up. All the microscopes need to be cleaned and checked for proper working order, slides need to be prepared, classroom set-up, and lots of copying needs to be done. All help will be greatly appreciated.

All GMS members are invited to participate.

The Young People's Microscopy Course will begin Saturday, January 23rd at 9:00 a.m.

Happy New Year and looking forward to seeing everyone there.
